Auditors' Report

This is to certify that we have examined and audited the accounts and records of the Tax Collector for the current year and find all taxes accounted for. We have checked the revenue received from the Town Clerk for motor vehicle permits and dog licenses. The Selectmen's orders and receipts were checked with the vouchers and the Treasurer's cash book and found correct. The Treasurer's balance in the Farmers & Traders Bank was reconciled with the Selectmen's cash book balance and found correct. The records of the Water Department were checked and found correct. Receipts, disbursements and balances in Trust Funds were correctly recorded.

In our opinion all the accounts and records for the Town of Stratford for the fiscal year ending December 31, 1953 were correct and in good order .

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stratford:

It is with pleasure that I submit my third annual report. To save duplication we publish the State Auditors' report, 1953, plus detailed list of payments. Other narrative and statistical data including the proposed budget is for the current year unless otherwise noted.

Resignations at the end of the year last June left us with two new teachers to find. Mr. Alfred White of Keene was engaged to take the place of Mr. Robitaille and Mr. Paul Mitchell of Ware, Mass. was engaged to take the place of Mr. Harwood. Both of these teachers are proving satisfactory and the school program has not suffered as much as last year when there were four out of five new teachers.

The arrangement to send all the members of the fifth grade to the Hollow School and allowing one room for the sixth grade at North Stratford has worked out most satisfactorily and will, no doubt, be continued in some combination of grades.

It will be noted that there is a present enrollment of 35 in the sixth grade. When these are promoted for next year there will be over fifty members in the seventh and eighth grades, and nearly sixty the following year. These two grades are commonly taught together using one teacher but the large enrollment forecast for next year makes it necessary to have another teacher and a room in which to house the overflow. Looking toward this end the School Board have made plans to repair and repaint the shop room, so called, as a classroom. Rearranging the classes will make a room available for the seventh and the eighth grade. It will still be necessary, no doubt, to hold classes in the main room while it is being used as a study hall but the situation will be improved over what it has been for the past several years. The floor space in the shop is about 20% greater than the room that has been refinished at the Hollow schoolhouse.

The installation of a new furnace and the refinishing of an all purpose room at the Hollow have greatly improved the efficiency of this building. Health and safety factors have been improved and excellent hot lunch facilities have been provided. Special mention should be made of the lunch program which is being conducted by Mrs. Grace Brown. The lunches are ample and well cooked and meet all requirements of the State and National program. Both Mrs. Wheeler and Mrs. Fuller cooperate to make this building an excellent school unit.

Nothing in the foregoing paragraph is meant to detract from the North Stratford Lunch Program. Here, too, is a well conducted lunch serving approximately 175 meals daily. New piping installed throughout the building with a new lead from the water main outside the building has made for a plentiful supply of water. The installation of new valves

and, in some cases, new toilets has corrected unpleasant odors and a poor health condition.

Early in the year the School Board made arrangements with Mr. Linwood Peck of Canaan to teach instrumental music. Mr. Peck was available only for evening engagement so practice sessions are held once each week. About twenty young people have instruments and are practicing faithfully. Much interest has been shown by the parents, and the P. T. A. is interested in the possibility of uniforms or capes for the band members.

The P. T. A. also has continued its active sponsorship of the dental clinic. A great many children have dental care through the clinic who otherwise might have to do without it.

The need of a new teacher seems imperative for the coming year. To this end the School Board has prepared a budget in identical amounts as last year, except to add the probable cost of this teacher. The Board has already been advised that the State School Fund will be in the amount of \$18,366.11, which is \$421.00 greater than last year's amount. With the tuition estimate at \$7,000.00 it will leave a balance to be raised by taxation of approximately \$34,200.00 or about \$1,600.00 less than was raised in 1952-1953.

In the past several years schools of the State and Nation have taken a bombardment of criticism. In individual schools some of this may be justified but in general much of it is not. During the past year in Stratford there has been a close and understanding supervision of and cooperation with the teachers to see that the school program is in line with the State approved course of study and the best interest of the children of Stratford. In standardized tests our children do as well on the average as they could be expected to do if they were attending school in an urban situation. The teachers, the superintendent, and the School Board members welcome an opportunity to listen to and meet any such criticisms as they apply to our schools. Moreover, a cordial welcome is extended to the parents to visit the school at any and all times.

It has been a pleasure and a privilege for me to take part in the school program of Stratford schools. Thank you for this opportunity to report.

Respectfully submitted,
